Subject: RE: Critical Information for your immediate attention from desk of Fenna E. Bacchus, CEO FIRE Inc.: Response from Deputy Prime Minister of Lesotho June 7, 2004

Dear Dr. Bacchus

At last I am able to acknowledge your correspondence and hope you will bear with me for all the inconvenience I caused you. Ever since my tenure at ADEA ended in December 2003 I have had little time to give attention to anything other my Parliamentary responsibilities and those of my office as Deputy Prime Minister. You will recall I left the Biennial Meeting in MAURITIUS earlier because of the exigencies of duty. I am glad I am able to reconnect. I am happy to note that my colleague Ministers have given you the support, I can only add my commitment to the good cause. I looking at the draft of your study and hope to input my impressions.
